WELCOME FROM THE CHANCELLOR

Dear Community Partner,

I am proud to serve as the Chancellor for the Indianapolis campus of Ivy Tech Community College. We are your local community college and we desire to partner with you to meet the education, training and workforce needs of our service area. Ivy Tech Indianapolis is the state's largest Ivy Tech service area, comprising Marion, Boone, and Hendricks counties with locations in downtown Indianapolis, Lawrence, Plainfield, and the International Marketplace on the city's northwest side. We are also the Ivy Tech campus with the most diverse student population.

At Ivy Tech Indianapolis, we provide Hoosiers with affordable degrees, short-term certificates, and other credentialing or professional development tailored to their needs.

Each year, our Ivy Tech Indianapolis serves more than 30,000 students through in-person, online, or hybrid learning modalities. We are also able to tailor custom training and education programs in partnership with our high school partners, community-based organizations, faith-based organizations and employers. Our commitment is to be a "college without walls" through our ability to meet the needs of learners wherever they may be—in their homes, on their jobs, through community-based or faith-based organizations, or on our campuses.

Our innovative faculty and staff continue to build partnerships with employers to meet the needs of students and reinvigorate our local and regional economy. This is a testament to the quality and commitment of our faculty and staff. We are committed to both building new and innovative partnerships with our community partners like you and enhancing and scaling our existing efforts with longstanding partners where possible.

As we strive to meet the collective needs of our community, we invite you to join us in the commitment to going B.I.G.!

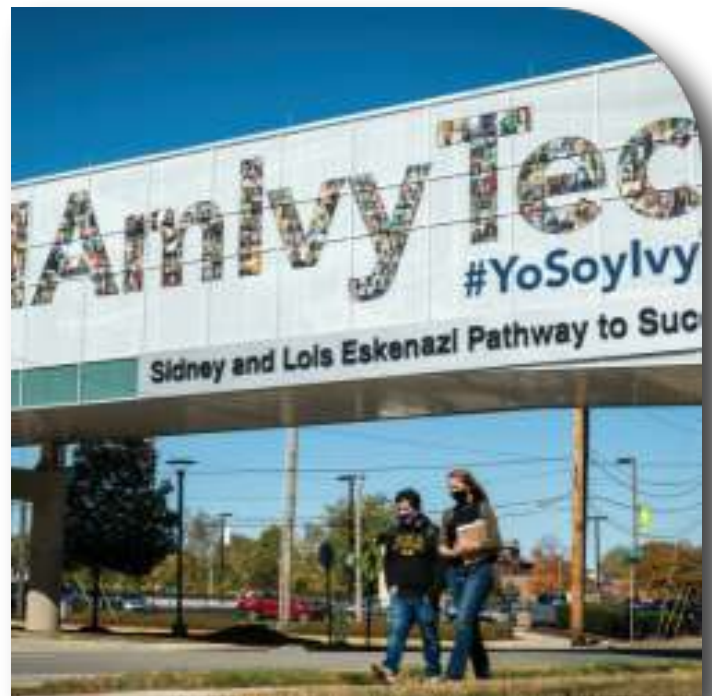

- **B – Bold:** We are bold and unapologetic in our resolve to meet the needs of the area we serve.
- **I – Inclusive:** We are intentional in our pursuit of partnerships and inclusive in our approach ensuring all are seen, heard, and valued.
- **G – Generating:** By being bold, intentional, and inclusive, we will continue to lead the generation of innovative solutions to the challenges that our students and our communities face.

As you review services provided by Ivy Tech Indianapolis, please know we are here to help you in anyway. If you have any questions or are unsure where to find specific information, please reach out at Indianapolis-Chancellor@ivytech.edu.

Sincerely,

A handwritten signature in black ink that reads "Lorenzo L. Esters".

Dr. Lorenzo L. Esters
Chancellor, Ivy Tech Indianapolis Service Area

About our service area

Ivy Tech Indianapolis is the College's largest service area, serving more than **30,000** students in Marion, Hendricks and Boone counties.

Ivy Tech Community College offers degrees and short-term certificates in fields where employees are needed most, so Hoosiers can be ready to get started in a career quickly.

- More than **4,300** students earned **6,000** degrees or certificates in 2019-2020
- Nearly **85%** of Ivy Tech Indianapolis graduates stay within their community

TUITION & SCHOLARSHIPS

Ivy Tech updated its tuition model for the 2020-2021 academic year: **Ivy+** With this new model, students benefit from:

- Frozen tuition through 2022-2023
- Books included with cost of tuition
- Same tuition rate if enrolled in 12 or more classes per semester

Also, Ivy Tech offers **\$6 million** in local and statewide scholarships each year.

Student Support Services & Programs

Ivy Tech Indianapolis offers a variety of student support and scholar programs to ensure your success. Additionally, you can also explore local scholarships at IvyTech.edu/IndyScholarships.

ASAP

IvyTech.edu/ASAP

The Associate Accelerated Program (ASAP) helps high school graduates earn an associate degree in 11 months, preparing them to transfer to earn a bachelor's degree (with 100% of graduates being accepted into at least one or more four-year colleges). Courses are held in small cohorts weekdays from 9 a.m. - 5 p.m., with students together in their group through graduation. Additionally, a dedicated coordinator helps students identify academic goals, create a plan of success and more.

- **Eligibility requirements:** Younger than 22 years old with a high school GPA of 2.5 and strong attendance record.
- **Application process:** Submit the interest form and application at IvyTech.edu/asap.
- **Application deadline:** Applications accepted year round for upcoming semesters.

BOWEN SCHOLARS

IvyTech.edu/bowen

The Bowen Scholars Program assists students in achieving academic and career success. Bowen Scholars receive tutoring, support services, \$1,000 living allowance each semester, professional development, and networking.

- **Eligibility requirements:** African Americans who attend or plan to attend Ivy Tech. Must be a U.S. citizen. Completion of at least 6 college-level credits from Ivy Tech at the time of application. Preference given to Marion County residents.
- **Application process:** Application information sessions offered prior to application deadlines. Must complete an on-line application and provide 1-2 letters of recommendation.
- **Application deadline:** April 1 for Fall semester and November 1 for Spring semester.

HONORS COLLEGE

IvyTech.edu/Honors

The Honors College fosters an environment for students to enhance their spirit of inquiry, intellectual growth, multicultural awareness, and leadership opportunities. Graduates exemplify a high level of scholarship, prepared to continue to a four-year institution. This program supports students every step of the way by providing a personalized experience for a student's educational goals.

- **Eligibility requirements:** Applicants typically plan to transfer to a four-year college or university, are a recent high school graduate with a minimum GPA of 3.2
- **Application process:** Apply at IvyTech.edu/honors.
- **Application deadline:** Applications accepted year round for upcoming semesters.

IGNITE

IvyTech.edu/igniteIndy

Ignite assists students that have experienced the foster care system, homelessness, and/or independent youth status.

- **Eligibility requirements:** Former Foster or homeless youth, students working on their first college degree.
- **Application process:** Attend an information session and complete an application.
- **Application deadline:** Applications are accepted year-round.

Student Support Services & Programs

INDY ACHIEVES

IvyTech.edu/IndyAchieves

Indy Achieves provides financial support and wrap-around services to Marion County residents (new, returning, or with an outstanding balance).

- **Eligibility requirements:** Resident of Marion County, be a state financial aid recipient (determined by FASFA), first-time, full-time, or full-time transfer student. Must meet Satisfactory Academic Process requirements. Additional requirements on the webpage above.
- **Application process:** Must file FASFA by April 15 (the state aid deadline).
- **Application deadline:** Annual FAFSA state aid deadline.

IN LSAMP AT IVY TECH

IvyTech.edu/LSAMP

IN LSAMP

IN LSAMP at Ivy Tech is designed to increase the recruitment, retention, and graduation rates of underrepresented minority students in STEM fields. Students benefit from peer mentoring, tutoring, strategies for success, and stipends for active participation.

- **Eligibility requirements:** African Americans, Hispanic Americans, American Indians, Alaska Natives, Native Hawaiians and Native Pacific Islanders who are one of the following: U.S. citizen, U.S. national or permanent U.S. resident.
- **Application process:** Apply online at IvyTech.edu/LSAMP.
- **Application deadline:** Applications are accepted year-round.

I-SUCCEED

link.ivytech.edu/I-Succeed-Indy

I-Succeed is part of a research study to help students succeed in college and the workforce. Students are eligible for \$50 monthly incentives upon meeting enrollment requirements and attend regular coaching meetings.

- **Eligibility requirements:** Identify as a student of color, degree-seeking with less than 30 credits earned at the time of application, willing to enroll at a full-time pace (minimum 24 credits a year).
- **Application process:** Recruiting through September 2021, must attend a Zoom Info Session. Contact the Center for Academic Success Coaching to schedule.
- **Application deadline:** Reach out about additional cohorts may be offered in future terms.

IVYWORKS INDY WOMEN IN TECH

IvyTech.edu/IvyWorks

IvyWorks/IWiT supports students to earn industry-backed credentials and build a career in Indiana's fastest-growing fields. Supported by the Indy Women in Tech Foundation, this program creates unique opportunities for female students pursuing careers in computing, informatics, and information technology. In addition, participants benefit from professional development, business networking, support services, professional groups, and potential scholarship opportunities to assist with financial barriers.

- **Eligibility requirements:** Must be female, new, or current Ivy Tech student with a 2.0 minimum GPA, be in academic and financial aid good standing, FAFSA on file with Ivy Tech, and enrolled in a program within the School of Information Technology
- **Application process:** Apply at IvyTech.edu/IvyWorks
- **Application deadline:** Applications accepted year-round

Student Support Services & Programs

NINA SCHOLARS

IvyTech.edu/nina

NINA MASON PULLIAM
CHARITABLE TRUST

The Nina Scholars Program provides a scholarship award to assist with the cost of attendance at Ivy Tech, including books, fees, and an annual living allowance of \$3,200.

- **Eligibility requirements:** Individuals must meet at least one of the following criteria: (1) Be between the ages of 18 -25 who experienced foster care. (2) 18 or older with a physical disability. (3) 25 or older with dependents in their family unit. Additionally, applicants must be a U.S. citizen who has completed less than 24 credits at time of application, is working towards their first college degree, demonstrates financial need, and has completed the FASFA.
- **Application process:** Application information sessions are offered prior to application deadline. Students will complete an online application and will need to provide 2 - 4 letters of recommendation.
- **Application deadline:** March 1

TEEN WORKS

IvyTech.edu/TeenWorksIndy

Teen Works Scholars is a scholarship program that offers tutoring, wrap-around support services, tuition-based scholarships, and \$100 monthly stipend.

- **Eligibility requirements:** Students must be alumni of the Teen Works program, attend Ivy Tech full-time, and must maintain a 2.5 cumulative GPA.
- **Application process:** Apply at link.ivytech.edu/TeenWorksApplication.
- **Application deadline:** Applications are accepted year-round.

TRIO STUDENT SUPPORT SERVICES

IvyTech.edu/IndyTRIO

TRIO is a federally funded program by the U.S. Department of Education that provides additional support services to first-generation, low-income, and/or students with a disability.

- **Eligibility requirements:** Meet 2 of 3 criteria: (1) First Generation college student (neither parent earned a Bachelor's degree by the time student was 18). (2) Students from low-income families (typically Pell-eligible). (3) Student with a documented disability.
- **Application process:** Online at IvyTech.edu/IndyTRIO.
- **Application deadline:** Applications are accepted year-round, serving up to 160 students per year.

K-14: Dual Credit & Dual Enrollment

Ivy Tech partners with charter and private schools to provide dual enrollment and dual credit in conjunction with their curriculum to enrich the academic experience for their high school students. Find contact information and application at IvyTech.edu/dual-credit.

Dual Credit

Dual credit courses are Ivy Tech classes taught by credentialed teachers in high schools that count as college credits. Offerings vary by high school, and expectations are higher as they are college-level.

Students that take advantage of dual credit opportunities get a head start on their college career and save on tuition. Additionally, this opportunity allows students to meet the Indiana Core 40 diploma requirements with technical or academic honors.

Dual Enrollment

Dual enrollment provides students an opportunity to earn college credits while still in high school.

Participants benefit from an early college experience, getting the same benefits as Ivy Tech students. Wraparound support is provided with a holistic advising approach, with courses taught by Ivy Tech instructors.

Tuition is Ivy Tech's standard tuition rate, which is the lowest in the state. In addition, students can choose to take courses within the Indiana College Core (30 transferable general education courses) or career and technical education courses (i.e., courses that lead to high-value certificates and high-wage careers).

QY J. FOX

Dual credit student

What our students are saying

"Dual credit courses were a great way for me to proactively finish high school while getting a head start on college. The work was a challenge, but it wasn't too difficult. My experience taught me how to adjust my study habits and organizational skills for the rigor of college. My dual credit college courses brought me closer to my goal of an associate degree in liberal arts.

By the time I finished high school, I had earned 18 credit hours. Technically, I'm one third of the way toward an associate degree. I could earn my degree in about one year. I saved time and my parents were happy about saving money on tuition. My only regret is being hesitant to begin taking dual credit courses. If I had started sooner, I could have finished my first year of college during high school."

Career Coaching & Employer Connections

The Office of Career Coaching and Employer Connections (CCEC) at Ivy Tech Indianapolis provides services and development to students, alumni, and employers. CCEC combines the efforts of career development and employer engagement to address the needs of both students and employers/workforce in our community. For more information, visit IvyTech.edu/IndyCCEC.

This new, strategic approach will emphasize career readiness practices alongside preparation throughout a student's college experience. Additionally, employers will be engaged to provide valuable input in the student's experience, while still receiving targeted services to address their workforce needs.

Through CCEC, all Ivy Tech Indianapolis students will:

- Create a career development portfolio
- Create and showcase to employers a resume, cover letter, and LinkedIn profile
- Participate in work and learn experiences, as well as the professional network and connections they have built with support from their CCEC team
- Work with a career coach to determine the right steps for their career path

CCEC provides students with the opportunity to build relationships with employers and gain direct experience in careers that interest the student, such as working alongside professionals in a tech company or assisting on a Human Resources team in a healthcare organization.
